

GARROS[®] T5 Pro

Garros White Ink Direct To Print

Brand New Wet Printing Industry

8 Colors + White + Treatment Fluid — All in a Single Machine
Dual-Beam, Dual-Carriage & Table New Printing Mode

For further details, Welcome to visit

High Quality

- ◆ Equipped with Japanese industrial-grade printheads, born for pigment printing
- ◆ The ultra-fine 4 pL ink droplets ensure exquisite image detail and superior color saturation.
- ◆ Usage Schneider Electric etc import part,make machine more stability
- ◆ 8 color can product over 30million color ,make your production over your competitors

Equipment Configuration

- ◆ Automatic Cleaning and Maintenance System
- ◆ Printing Temperature Control System
- ◆ Negative Pressure Ink Supply System
- ◆ Dual-Beam, Dual-Carriage Motion Control System
- ◆ Ink Circulation and Degassing System

Technical Parameters

Product Mode		Garros T5 Pro
Print technology		Variable Ink Droplet Printing Technology
Nozzle & Qquantity		10-12pcs Industrial-Grade Japanese Printheads
Printing size		400*480mm,Max 650*750mm
Ink system	Ink	water-based pigment ink
	Color	CMYKRGBP+W+Pre
	ink supply volume	2000ml/each color
Print model (CMYKRGBO+Pre)	Print Size	Actual Production Capacity
	A4	120PCS/H
	A3	90PCS/H
Print model (CMYKRGBO+W+Pre)	A4	90PCS/H
	A3	66PCS/H
Media Specifications	Table size	Standard: 360 × 480 mm; Max: 650 × 750 mm
	Media type	Cotton, linen, and various blended fabrics
Runtime Environment	Humidity	55%-80% Non-condensing
	Temperature	20°C - 30°C
Operate system		Windows 10、 Windows 7
Display		Human-Machine Interface
Image Format		Png/Jpg/Tiff
Interface		1000 Mbps Ethernet
Rip Software		Garros RIP
Language		Chinese/English
Power Supply		AC110/220V, 50Hz/60Hz
Noise Specifications		60dB
Device Dimensions / Weight		2930L*2237W*1795H/1200KG
Package Dimensions / Weight		3018L*2320W*2261H/1500KG
